### Remembering Doug Monsma

On October 2 our friend Doug Monsma was taken from us much too soon. Aside from the immeasurable role Doug played in the life of his family and friends, he was a giant in Christian education. His work influenced schools, teachers and students from Alberta to Zambia.

Whether it was his leadership at Edmonton Christian Schools for 27 years or with PCCE for six, he led with passion, joy and an endearing sense of humour. He influenced and shaped the lives of students, teachers, board members and administrators everywhere he went. Through his work in Christian education Doug had found his place in God's story.

Doug's legacy will live on through faithful people who were inspired to find their place in God's story as it is written through Christian schools.

God's people rejoice in knowing that Doug is with the Maker of All Things, beholding the beauty and wholeness that he championed in his work. Though we grieve his loss, we also rejoice in such sure knowledge.
