Finishing Touches

West School Building Project

Play your role in God's story ...

help us add the finishing touches to the new West School!

Finishing Touches

A number of needs were left out of the West School project budget due to financial constraints. Although these are real needs we do not yet have all of the necessary funds.

Our *Finishing Touches* appeal gives you an opportunity to lessen our borrowing costs and reduce the need to use operating funds.

Window coverings, bleachers, and various classroom furniture are some of the items we would like to purchase. We may also use some of these funds to keep our debt and other costs under control.

In 1949 Edmonton Christian Schools opened a school in which the name of Jesus was honoured above all else. Enrolment grew over the years and much of the West School needed to be replaced and expanded.

Campaign History

The fundraising campaign, *A New Chapter in an Old Story*, was launched in 2018 to help fund the new Edmonton Christian West School. To date \$4.75M has been raised and the new school is nearly complete!

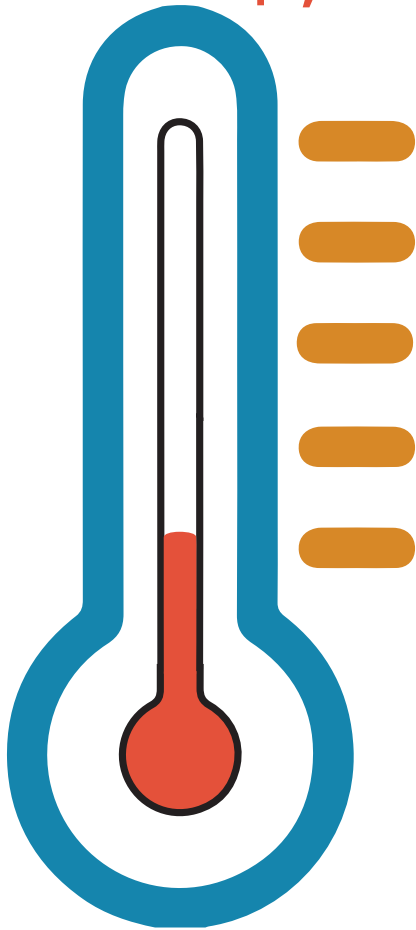

The financial goal of the *Finishing Touches* campaign is to raise \$1.25M. We need supporters like you who desire to help nurture and empower future generations of children to live God's story in the 21st century.

As we ask for your prayers and commitments, please consider the opportunity to help add the finishing touches to the new West School.

GOAL
\$1,250,000

We wish to continue creating a culture and environment where students develop a lasting relationship with Jesus Christ. As we complete the new West School we rely upon dedicated Christians who want to challenge students, through Christ-centered education, to play their role in God's story!

To achieve our goal of \$1.25M, please consider to what extent you are able to give to the Finishing Touches Campaign. Please contact the Society Office to communicate your commitment.

Together as we move forward in God's will we have the privilege of doing something special for our students and for Christian education in the Edmonton region.
