

Christian Program Fees

Program fees support the Christian vision, resources, and support systems that make Edmonton Christian Schools (ECS) a distinct faith-based alternative program within EPSB.

HOW YOUR FEES SUPPORT THE ECS MISSION

▶ Christian Framework (TfT)

TfT weaves the Alberta curriculum with a Christian worldview through Storyline, Throughlines, and FLEx, shaping students as learners and disciples of Jesus. Program fees also support teachers through faith-based training, curriculum development, and ongoing professional learning, helping them grow as educators and disciples of Jesus.

▶ Property, Utilities, and Operations

The Society owns and maintains all ECS buildings—covering mortgages, maintenance, utilities, and the Society office (ESCE) operations and administration.

▶ Student and School Support

Program fees also support spiritual formation activities, pastoral care, professional development, and continuous program improvement that nurture a Christ-centred learning community, as well as additional school funding to meet pressing needs.
